New Novels, at all the Libraries.

MRS. LINTON'S NEW NOVEL.—3 volumes, crown 8vo.

THE ATONEMENT OF LEAM DUNDAS.

By E. LYNN LINTON, Author of "Patricia Kemball," &c.

"Far above the average of the novels of the present season. Indeed it may be asserted—and of how few fictions can this be said—that no one who peruses it will think he has altogether wasted his time."

"In her narrowness and her depth, in her boundless loyalty, her self-forgetting passion, that exclusiveness of love which is akin to cruelty, and the fierce humility which is vicarious pride, Leam Dundas is a striking figure. In one quality the authoress has in some measure surpassed herself."—*Pall Mall Gazette*.
"Sad and tragic, and wonderfully pathetic. Mrs. Lynn Linton has again proved herself a powerful writer, and this novel is perhaps more forcibly conceived, more carefully wrought out, and more perfectly finished, than any of her preceding works."—*Literary World*.

Three vols. crown 8vo.

THE DEMOCRACY.

"A very careful, and in many respects very praiseworthy story."—*Saturday Review*.

HOW TO SELECT AN OFFICE for LIFE ASSURANCE.

Extract from Board of Trade's Report, July 2, 1874.

"Taking Insurance business as it exists in this country, the Public cannot be misled if, when seeking an Office in which to effect an Insurance, they select one which transacts its business at a small percentage of working cost, and does not anticipate its profits."

THESE TESTS ARE ENTIRELY FULFILLED BY THE ROYAL INSURANCE COMPANY,

the Report itself showing that of all the English Provincial Offices and all the Scotch Offices, the Royal's Ratio of Expenses to its Premium Income is the Lowest, and the Company have never anticipated a Single Shilling of Profit.

Extract from "The Times" of July 24, 1874.

"On the whole, it would be safe for the Father of a Family, contemplating the Insurance of his Life, to select one of the Offices with a Large Life Fund, a Small Expenditure on Management, and a Rate of Interest ranging from 4·2 to 4·5 per cent."

"THE ROYAL"

ENTIRELY MEETS THE WHOLE OF THESE REQUIREMENTS.

Its Life Fund is close upon Two Millions Sterling; its Expenses are Lower than those of any other English Provincial Office, and of any Scotch Office; and its rate of Interest is 4·4 per cent.

LIFE FUNDS	£1,761,523
GENERAL RESERVE	£594,434
PAID-UP CAPITAL	£289,545

"We have examined and counted every Security, and have found all correct and in perfect order, and that the present aggregate market value is in excess of the amounts in the Balance-sheet."—*From Auditors' Report, July 17, 1874.*

"As evidence of the care exercised in the Investment of the Life Funds, it may be mentioned that they have never been reduced a single penny by bad or doubtful securities."—*From Chairman's Speech at Annual Meeting, August 7, 1874.*

WORKS BELONGING TO NATURAL SCIENCE.

A SERIES of WORKS on PHYSICAL SCIENCE, entitled
CENTRIFUGAL FORCE & GRAVITATION
In Six Books.

By KUKLOS (JOHN HARRIS).

Of this Series each of the Books is quite distinct from the rest, having its own particular subject, as will be apparent from the following list:—

Each of the Books is Indexed and Illustrated by Plates.

Book First.—The Central Attractive Force and the Tangential Motion.

Book Second.—The Doctrine of the Celestial Sphere and the Theory of Orbital Revolution.

Book Third.—The Solar System and the Theory of the Stellar Universe. The mixed Doctrine of Parallax and Aberration.

Book Fourth.—Comets and Cometary Orbits.

Book Fifth.—Theories of Light. The True Nature of Light. The Wave-Theory of Sound, and Manifestations of the various Forms of Force.

Book Sixth.—Index and Specification of Contents.

Price of the whole Series, 25s.

THE CIRCLE AND STRAIGHT LINE.

By JOHN HARRIS.

In Four Parts, contained in 1 vol.; and 1 vol. of Plates.

(NOTE.—The volume of Plates is also tabulated and indexed.)

Part I.—The Geometrical Relationship Demonstrated. *Magnitudinal Geometry.*

Part II.—The Construction of the Circle. *Quantitative Geometry.*

Part III.—The Elements of the Circle. *Theory of Curvature.*

Part IV.—Analysis of the Circle. *Decimal Cyclometry.*

Price, including the volume of Plates, 15s.

NOTE.—The foregoing works belonging to Natural Science are connected with those that follow, belonging to Ideal Science, by the same Author, inasmuch as they have a general purpose in common, which is to show that the basis of sound Theology, namely, "The Revealed Truth of God," is the sound basis of all human Science, and that no secure or considerable progress can be made in the advancement of Science unless such basis be distinctly recognised and acknowledged.

WORKS BELONGING TO IDEAL SCIENCE.

By KUKLOS.

THEOLOGY AND THE SCIENCE OF GOVERNMENT.

To some extent this book may be described as a critical review of a review, namely, of the well-known review by Macaulay of Gladstone's Essay "On Church and State." The most important of the conclusions come to by the Reviewer are, together with the passages of the essay they refer to, subjected to careful examination; and, for the reasons fully stated, the doctrine of the Reviewer is rejected and that of the Essayist affirmed.

Price, in cloth, 3s. 6d.

NATURAL PHILOSOPHY AND DIVINE REVELATION.

In appearance this book is, for the most part, a critical examination of the system of the great American theologian, Theodore Parker. The system of Parker is selected, however, on general grounds, namely, as a good example (good, because of Parker's great ability and learning) of the general case where, the Bible being deliberately rejected as the basis of a religious system, an endeavour is made to support the superstructure of Christian morality and civilisation upon some other foundation. Price, in cloth, 8s.; in paper, 1s. 6d.

THE SCIENCE OF IDEAL THEOLOGY AS TAUGHT BY THE BIBLE.

(Or, according to the Title-Page, THE BIBLE READ BY THE LIGHT OF IDEAL SCIENCE.)

This book, reverently dedicated to the Supreme Head of the Christian Church, purports to explain the ideal meaning of the figurative language made use of in the Scriptures, and to make manifest the harmonious and consistent plan of the Bible as a progressive record of human education, and a progressive revelation of spiritual truth to man.

Price, in cloth, 2s. 6d.; in paper, 1s. 3d.

SPIRITUAL SCIENCE AND THE NATURAL WORLD.

This communication, on the relation of Christianity to Spiritual Science, is addressed to all who feel that the explanations contained in it are acceptable and serviceable to them.

Price, in cloth, 2s. 6d.; in paper, 1s. 3d.

POLITICAL ECONOMY AS A DIVISION OF SCIENCE.

For reasons briefly, but, it is thought, sufficiently set forth, the conclusion is arrived at that the subjects belonging to this department of knowledge have not hitherto been scientifically arranged. The purpose of this book is to point out the correct method of arranging them as a division of Science. The general arrangement is merely indicated in outline, but, for illustration, a few of the sub-sections are partly filled in; and in one instance—that of the labour question—under the heading "The Nation and the Labourer," the particular subject is especially examined at greater length.

Price, in cloth, 3s.; in paper, 1s. 6d.

The last four of the above works may be had in paper covers, as a set, price 5s.; and the five vols. belonging to Ideal Science, in cloth, as a set, price 12s. 6d.

MEMOIR of EARL SPENCER (LORD

ALTHORP). By the late Sir DENIS LE MARCHANT, Bart. Demy 8vo, 16s.

"Admirable as a biography, and as invaluable as it is admirable for the fresh and vivid portraits of the chief political personages of the time."—*The World*.

"The book is full of interest, historical and political; moreover it is well written throughout."—*Pall Mall Gazette*.

"One of the most delightful volumes that has come under our notice for many a long day."—*Globe*.

EPISTLES, SATIRES, and EPIGRAMS.

The DEAD CITIES of the ZUYPER ZEE.

From the French of HENRI HAYARD, by ANNIE WOOD. The NEW and CHEAPER EDITION. In crown 8vo, price 6s.

SIXTY-NINE YEARS at the COURT of

PRUSSIA. From the Recollections of the Mistress of the Household, SOPHIE MARIE COUNTESS VON VOSS. Translated from the German by EMILY and AGNES STEPHENSON. With a Portrait of the Countess Von Voss. In 2 vols. crown 8vo, 21s.

"The Countess Von Voss was an eye-witness to the greatest triumphs and the deepest humiliations of the Prussian monarchy. She was a great Court Lady indeed; but in truth she was much more, and unless she had been gifted with great prudence and discretion she could never have lived so long respected by all who knew her. The thanks of the public are due to the translators for these very interesting volumes. It is seldom that a woman with so clear an eye and quick perception has lived so close to great events and been spared to narrate them."—*The Times*.

JENNIE of "The PRINCE'S." In 3 vols. crown 8vo.

SIR HUBERT'S MARRIAGE. By Gertrude TOWNSHEND MAYER. In 3 vols. crown 8vo.

"WE ARE WORLDLINGS." By the Author of "Rosa Noel," "Loving and Loth," &c. 3 vols. crown 8vo.

"We are Worldlings" is an altogether exceptional book. Its style is peculiar; its grasp and display of character is more peculiar still, and its plot is so odd that we defy the most practiced novel-reader to anticipate it."—*Academy*.

"We laid this book down with a keen sense of gratified satisfaction. It is altogether original. Let no one who can find time to read novels fail to read 'We are Worldlings.'"—*The World*.

"This book is no mere narrative, broken by descriptions of persons and places, but presents a study of character developing under the influence of events and of action naturally resulting from the positions of particular persons in certain circumstances."—*Athenaeum*.

HER DEAREST FOE. By Mrs. Alexander, Author of "The Woeful O't," &c. In 3 vols. crown 8vo.

"There is not a single character in this novel that is not cleverly conceived and successfully illustrated, not a page which is dull, not a sentence, we might almost say, which has not something bright, telling, and pointed."—*The World*.

"Mrs. Alexander has written nothing better. The book altogether abounds with bright and sparkling passages."—*Saturday Review*.

"The whole story is as clever and readable a thing as we have lately seen."—*Spectator*.

Stanley. He returned northward by the Victoria River to Mrooli, thus connecting and identifying it with the White Nile. On this journey, which had never before been performed by a white man, he discovered Lake Ibrahim."

The Work will be profusely illustrated from Colonel Long's own sketches.

CRIPPS the CARRIER. By R. D. BLACKMORE, Author of "Alice Lorraine" and "Lorna Doone." 3 vols. 31s. 6d.

"It is not, however, merely such realities as these that constitute the charm of the book. A stirring story is interwoven with these familiar scenes, and skilful hands hold the threads that are our clue through the labyrinth to the close.We will only add that the Author's type of woman, gentle and simple, is, as heretofore, worthy of all acceptance—samples of what we should like our daughters and nieces to be."—*Saturday Review*.

In 8vo, with 12 Plates, price 21s. cloth,
THE OCEAN, its Tides and Currents and their Causes. By WILLIAM LEIGHTON JORDAN, F.R.G.S.

"A very valuable addition to the list of works advancing our cosmological knowledge."
Scientific Review.
 "The Author of this book gives us a new Principle. Still, the book is the production of a man thoroughly well up in his own subject, and many others collateral with it. It is one that may be safely commended to the study of all who are interested in the subject of ocean currents."
Iron.
 "Here we have the vulnerable points of Dr. CARPENTER'S modified resuscitation of the old theory of oceanic circulation clearly indicated, and a home-thrust of clear, sound reasoning fairly delivered through it. As this point is the very heart of Dr. CARPENTER'S contribution to the subject, the thrust is fatal. It is followed by further and equally clear and able discussion of the details of Dr. CARPENTER'S arguments, and of the theories of MAURY, RENNELL, HERSCHEL, &c. This Chapter XX. of Mr. JORDAN'S book is really excellent, and worthy of careful reading."
Quarterly Journal of Science.

"* The reports received from Her Majesty's Ship *Challenger* have confirmed the views expressed in this work with a distinctness exceeding the most sanguine anticipations of the Author."
